Dr David Michail	8	8
Ms Kathleen Cummings	8	6
Professor Martin Phillips	8	8
Ms Melissa Le Mesurier	8	6
Professor Paul Reynolds	8	6
Professor Sarath Ranganathan	8	8

#### **Corporate Governance Statement**

As a charitable institution and Company Limited by Guarantee Lung Foundation Australia relies upon community and corporate goodwill to achieve its goals.

The Lung Foundation Australia Board consists of ten directors who volunteer their expertise and time to help improve lung health and reduce the impact of lung disease for all Australians. The Board is made up of six global leaders in lung health and lung cancer and four patients each of whom also has substantial corporate and business experience in international corporations.

The Board's role is to ensure a range of strategies that support people impacted by lung disease are achieved. To undertake this role, the Board is responsible for the overall corporate governance of the organisation.

This includes:

- Formulating its strategic direction
- Approving and monitoring financial performance
- Setting executive remuneration
- Appointing, removing and creating policies
- Establishing and monitoring the achievement of organisational goals
- Ensuring the integrity of internal control and management information systems.

The Board delegates responsibility for the operation and administration of the organisation to the Chief Executive Officer. Responsibilities are delineated by formal authority delegations.

ABN 36 051 131 901

#### **Board planning framework**

The Board adopted a five-year Strategic Plan in 2020. This outlines our mission, purpose, values, goals and strategies. These strategies are outcome-focused and are measured by clearly defined Key Performance Indicators (KPIs).

Our Strategic Plan includes:

- An annual business plan and budget relating to the Strategic Plan
- A reporting framework against KPIs
- Delegated authorities, recorded in a policy framework, from the Board to the CEO and staff, built around a performance culture measured by a performance appraisal process
- A risk management plan.

#### **Board of Directors education**

Lung Foundation Australia has a formal process to induct and educate new and continuing Directors about the nature of the organisation, health and medical issues, the corporate strategy and the expectations concerning performance and conduct of Board Members.

#### **Role of Board of Directors**

The Board is skills-based and is broadly representative of the lung health and disease stakeholders.

#### **Review of operations**

The year in review has seen increasing investments by the Commonwealth Government in lung disease and lung cancer programs aimed at improving early detection and increased symptom awareness. Our year end result was heavily impacted by global financial unease late in the financial year with a write down of investments set aside for the Hope Research Fund for Lung Health. This long-term investment portfolio was established in 2021 with a ten year aim to raise \$50 million for lung disease research. Lung Foundation Australia continues to expand our services and investment in research with new models of care in peer support, lung cancer specialist nurses and mental health support and resources a highlight of the last 12 months.

Acknowledging the ongoing impact of the COVID pandemic, a change of Federal Government and harsher economic indicators the Board continues to closely monitor our operations to ensure programs and services are keeping pace with community need and fundraising objectives and targets are being met.

The Board's ongoing investment in our fundraising and development capacity has significantly improved the organisation's overall financial position and investments in program growth and advocacy over the last 12 months have been made with a view to growing our capacity to be self-sufficient. Pleasingly the Foundation secured capacity building funding under the Federal Government's Health Peak Advisory Program and this three year grant has strengthened our operations enabling our team to respond to a number of strategic priority areas linked to the National Preventive Health and National Tobacco Strategies.

ABN 36 051 131 901

Looking forward, the Lung Foundation will face a number of challenges in the year ahead including:

- supporting Australians who have long term symptoms following a COVID 19 infection as well as keeping people with lung disease and lung cancer up to date with the latest quality assured information
- partnering with Government, health services and the community to promote the importance of preventing lung disease particularly as it relates to the number of young people vaping and or using e-cigarettes
- keeping health professionals aware of and utilising all Lung Foundation resources to enhance patient care, education and self-management
- expanding and securing greater investment in lung disease and lung cancer specialist nurses and aligning these two areas and communities of highest need
- completing the Foundations 'Reflect' Reconciliation Action Plan and completing our second external accreditation via the QIP Accreditation for Community Services
- taking the opportunity created by Australia's renewed focus on lung health to raise and invest funds against a backdrop of economic uncertainty and
- ensuring our workplaces, programs and staff are kept safe and well as our headcount which has increased two fold in the last 3 years

The Board thanks the patients, families, donors and corporate partners, health care professionals and researchers for their support which enables the Foundation to provide the very best information and support, and advocate for equitable access to treatment, care and support for every Australian impacted by lung disease or lung cancer.

#### Auditor's Independence Declaration

The lead auditor's independence declaration for the year ended 30 June 2022 has been received and can be found on page 9 of the financial report.

This statement is made in accordance with a resolution of the Board of Directors and is signed for and on behalf of the Board of Directors by:

Professor Lucy Morgan Director

Mr Andrew Churchill Director

9 December 2022 Brisbane, Queensland

#### AUDITOR'S INDEPENDENCE DECLARATION UNDER SECTION 60-40 OF THE AUSTRALIAN CHARITIES AND NOT-FOR-PROFITS COMMISSION ACT 2012 TO THE DIRECTORS OF LUNG FOUNDATION AUSTRALIA

I declare that, to the best of my knowledge and belief, during the year ended 30 June 2022, there have been no contraventions of:

- (a) the auditor independence requirements of the *Australian Charities and Not-for-profit Commission Act* 2012 in relation to the audit; and
- (b) any applicable code of professional conduct in relation to the audit.

#### Notes to the Financial Statements For the year ended 30 June 2022

#### Note 1: Summary of significant accounting policies

The principal accounting policies adopted in the preparation of the financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

#### **Basis of preparation**

The financial statements cover Lung Foundation Australia, a company limited by guarantee under the *Corporations Act 2001* during the financial year ended 30 June 2022. The financial statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards – Simplified Disclosures issued by the Australian Accounting Standards Board (AASB) and the *Australian Charities and Not-for-profits Commission Act 2012*. Lung Foundation Australia is considered a not-for-profit entity for financial reporting purposes under Australian Accounting Standards.

The financial statements are presented in Australian dollars, which is Lung Foundation Australia's functional and presentation currency. All amounts have been rounded to the nearest whole dollar.

The financial statements have also been prepared on a going concern basis which assumes the realisation of assets and the extinguishment of liabilities in the normal course of business and at the amounts stated in the financial statements.

The financial statements, except for the cash flow information, have been prepared on an accruals basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets, and financial liabilities.

The financial statements were authorised for issue, in accordance with a resolution of the Directors, on 9 December 2022. The directors have the power to amend and reissue the financial statements.

#### (a) Income recognition

The company recognises income as follows:

#### Service revenue

Revenue is recognised at an amount that reflects the consideration to which the company is expected to be entitled in exchange for transferring services to a customer. For each contract with a customer, the company: identifies the contract with a customer; identifies the performance obligations in the contract; determines the transaction price which takes into account estimates of variable consideration and the time value of money; allocates the transaction price to the separate performance obligations on the basis of the relative stand-alone selling price of each distinct good or service to be delivered; and recognises revenue when or as each performance obligation is satisfied in a manner that depicts the transfer to the customer of the goods or services promised.

ABN 36 051 131 901

#### Notes to the Financial Statements For the year ended 30 June 2022

#### Note 1: Statement of significant accounting policies (continued)

#### (a) Income recognition (continued)

Variable consideration within the transaction price, if any, reflects concessions provided to the customer such as discounts, rebates and refunds, any potential bonuses receivable from the customer and any other contingent events. Such estimates are determined using either the 'expected value' or 'most likely amount' method. The measurement of variable consideration is subject to a constraining principle whereby revenue will only be recognised to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur. The measurement constraint continues until the uncertainty associated with the variable consideration is subsequently resolved. Amounts received that are subject to the constraining principle are recognised as a refund liability.

#### Grants

Grant revenue is recognised in surplus or deficit when the Company satisfies the performance obligations stated within the funding agreements.

If conditions are attached to the grant which must be satisfied before the company is eligible to retain the contribution, the grant will be recognised in the statement of financial position as a liability until those conditions are satisfied.

The grants without clearly defined performance obligations, are treated as donations.

#### Donations

Donations are recognised at the time the pledge is made. Donations of goods and services that can be accurately quantified are included in the financial statements, both as income and expenditure. The board of directors recognise and appreciate the resources received and services voluntarily given.

Where the Company receives non-reciprocal contributions of assets from governments and other parties for zero or a nominal value, these assets are recognised at fair value on the date of acquisition in the statement of financial position, with a corresponding amount on income recognised in the surplus or deficit.

#### Membership fees

Membership fees are recognised when received or receivable.

#### Interest

Interest revenue is recognised as interest accrues using the effective interest method. This is a method of calculating the amortised cost of a financial asset and allocating the interest income over the relevant period using the effective interest rate, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial asset.

#### Other revenue

Other revenue is recognised when it is received or when the right to receive payment is established.

ABN 36 051 131 901

#### Notes to the Financial Statements For the year ended 30 June 2022

#### Note 1: Statement of significant accounting policies (continued)

#### (a) Income recognition (continued)

#### Volunteer services

The Company has elected to not recognise volunteer services as either revenue or other form of contribution received. As such, any related consumption or capitalisation of such resources received is also not recognised.

#### (b) Income tax

The Company is exempt from Income Tax as an income tax exempt charitable entity under subdivision 50-B of the Income Tax Assessment Act (Commonwealth) 1997.

#### (c) Plant and equipment

*Leasehold buildings:* Leasehold buildings are measured on the cost basis and are therefore carried at cost less accumulated depreciation and any accumulated impairment losses.

If the carrying amount of leasehold buildings is greater than its estimated recoverable amount, the carrying amount is written down immediately to the estimated recoverable amount and impairment losses are recognised either in the surplus or deficit.

*Plant and equipment, computers and furniture and fittings:* All are measured on the cost basis (costs include expenditure that is directly attributable to the acquisition of the item) and are therefore carried at cost less accumulated depreciation and any accumulated impairment losses. Any capital expenditures over \$1,000 are capitalised.

If the carrying amount of plant and equipment is greater than its estimated recoverable amount, the carrying amount is written down immediately to the estimated recoverable amount and impairment losses are recognised in the surplus or deficit.

**Depreciation:** The depreciable amount of all fixed assets, including buildings and capitalised lease assets, is depreciated on a "straight-line" basis over the asset's useful life to the Company commencing from the time the asset is available for use.

The depreciation rates used for each class of depreciable assets are:

Class of fixed assets	Depreciation rate
Leasehold improvements	11%
Computers	33%
Office furniture and equipment	10% - 20%

The asset's residual values and useful lives are reviewed and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

ABN 36 051 131 901

#### Notes to the Financial Statements For the year ended 30 June 2022

#### Note 1: Statement of significant accounting policies (continued)

#### (c) Property, plant and equipment (continued)

Gains and losses on disposals are determined by comparing the net proceeds with the carrying amount. These gains or losses are included in the surplus or deficit when the item is derecognised. When revalued assets are sold, amounts included in the property revaluation reserve relating to that asset are transferred to the accumulated surplus.

#### (d) Financial instruments

#### Initial recognition and measurement

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. For financial assets, this is equivalent to the date that the Company commits itself to either purchase or sell the asset (i.e., trade date accounting is adopted). Financial Instruments are initially measured at fair value plus transaction costs, except where the instrument is classified "at fair value through profit or loss", in which case transaction costs are expensed to surplus or deficit immediately.

#### Classification and subsequent measurement

Financial assets are subsequently measured at:

- amortised cost;
- fair value through other comprehensive income; or
- fair value through profit and loss based on the two primary criteria, being:
  - the contractual cash flow characteristics of the financial asset; and
  - the business model for managing the financial assets.

A financial asset is subsequently measured at amortised cost when it meets the following conditions:

- the financial asset is managed solely to collect contractual cash flows; and

- the contractual terms within the financial asset give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding on specified dates.

A financial asset is subsequently measured at fair value through other comprehensive income when it meets the following conditions:

- the contractual terms within the financial asset give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding on specified dates; and

- the business model for managing the financial asset comprises both contractual cash flows collection and the selling of the financial asset.

By default, all other financial assets that do not meet the conditions of amortised cost and the fair value through other comprehensive income's measurement condition are subsequently measured at fair value through profit and loss.

Financial liabilities are subsequently measured at:

- amortised cost; or

- fair value through profit and loss.

ABN 36 051 131 901

#### Notes to the Financial Statements For the year ended 30 June 2022

#### Note 1: Statement of significant accounting policies (continued)

#### (d) Financial instruments (continued)

A financial liability is measured at fair value through profit and loss if the financial liability is:

- a contingent consideration of an acquirer in a business combination to which AASB 3 applies;

- held for trading; or

- initially designated as at fair value through profit or loss.

All other financial liabilities are subsequently measured at amortised cost using the effective interest method.

#### Classification and subsequent measurement

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest expense in surplus or deficit over the relevant period. The effective interest rate is the internal rate of return of the financial asset or liability. That is, it is the rate that exactly discounts the estimated future cash flows through the expected life of the instrument to the net carrying amount at initial recognition.

#### Derecognition

Derecognition refers to the removal of a previously recognised financial asset or financial liability from the statement of financial position.

A financial asset is derecognised when the holder's contractual rights to its cash flows expires, or the asset is transferred in such a way that all the risks and rewards of ownership are substantially transferred.

All the following criteria need to be satisfied for derecognition of a financial asset:

- the right to receive cash flows from the asset has expired or been transferred;

- all risk and rewards of ownership of the asset have been substantially transferred; and

- the Company no longer controls the asset (i.e., it has no practical ability to make unilateral decisions to sell the asset to a third party).

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in surplus or deficit.

#### Derecognition of financial liabilities

A liability is derecognised when it is extinguished (i.e., when the obligation in the contract is discharged, cancelled, or expires). An exchange of an existing financial liability for a new one with substantially modified terms, or a substantial modification to the terms of a financial liability, is treated as an extinguishment of the existing liability and recognition of a new financial liability.

The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable, including any non-cash assets transferred or liabilities assumed, is recognised in the surplus or deficit.

ABN 36 051 131 901

#### Notes to the Financial Statements For the year ended 30 June 2022

#### Note 1: Statement of significant accounting policies (continued)

#### (d) Financial Instruments (continued)

#### Impairment

The Company recognises a loss allowance for expected credit losses on: – financial assets that are measured at amortised cost or fair value through other comprehensive income.

Expected credit losses are the probability-weighted estimate of credit losses over the expected life of a financial instrument. A credit loss is the difference between all contractual cash flows that are due, and all cash flows expected to be received, all discounted at the original effective interest rate of the financial instrument.

The Company used the following approach to impairment, as applicable under AASB 9: – the simplified approach.

#### Simplified approach

The simplified approach does not require tracking of changes in credit risk in every reporting period, but instead requires the recognition of lifetime expected credit loss at all times.

This approach is applicable to:

- trade receivables or contract assets that result from transactions that are within the scope of AASB 15, that contain a significant financing component; and
- lease receivables.

In measuring the expected credit loss, a provision matrix for trade receivables was used taking into consideration various data to get to an expected credit loss (i.e., diversity of its customer base, appropriate groupings of its historical loss experience, etc.).

#### Recognition of expected credit losses in financial statements

At each reporting date, the Company recognised the movement in the loss allowance as an impairment gain or loss in the surplus or deficit.

The carrying amount of financial assets measured at amortised cost includes the loss allowance relating to that asset.

#### (e) Impairment of non-financial assets

At the end of each reporting period, the Company reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. The assessment will consider both external and internal sources of information. If such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of that asset, being the higher of the asset's fair value less costs to sell and its value-in-use, to the asset's carrying value. A recommendation will be presented to the Board of Directors for action to ensure that the carrying value is not in excess of the recoverable amount of the asset's carrying value over its recoverable amount is expensed in the surplus or deficit.

ABN 36 051 131 901

#### Notes to the Financial Statements For the year ended 30 June 2022

#### Note 1: Statement of significant accounting policies (continued)

#### (e) Impairment of non-financial assets (continued)

Where the future economic benefits of the asset are not primarily dependent upon the asset's ability to generate net cash inflows and when the Company would, if deprived of the asset, replace its remaining future economic benefits, value in use is determined as the current replacement cost of the asset.

Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset relates.

Where an impairment loss on a re-valued asset is identified, this is charged against the property revaluation reserve in respect of the same class of asset to the extent that the impairment loss does not exceed the amount in the reserve for that same class of asset.

#### (f) Employee provisions

**Short-term employee benefits:** Provision is made for the Company's obligation for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

**Other long-term employee benefits:** Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures, and are discounted at rates determined by reference to end-of-reporting-period market yields on corporate bonds that have maturity dates approximating the terms of the obligations. Any remeasurements of other long-term employee benefit obligations due to changes in assumptions are recognised in surplus or deficit in the periods in which the changes occur.

The Company's obligations for long-term employee benefits are presented as non-current provisions in its Statement of Financial Position, except where the Company does not have an unconditional right to defer settlement for at least 12 months after the reporting date, in which case the obligations are presented as current liabilities.

#### Retirement benefit obligations

Defined contribution superannuation benefits

All employees of the Company receive defined contribution superannuation entitlements, for which the Company pays the fixed superannuation guarantee contribution (10% for the financial year of the employee's ordinary time earnings) to the employee's superannuation fund of choice.

All contributions in respect of employees' defined contribution entitlements are recognised as an expense when they become payable. The Company's obligation with respect to employees' defined contribution entitlements is limited to its obligation for any unpaid superannuation guarantee contributions at the end of the reporting period. All obligations for unpaid superannuation guarantee contributions are measured at the (undiscounted) amounts expected to be paid when the obligation is settled and are presented as current liabilities in the Company's Statement of Financial Position.

ABN 36 051 131 901

#### Notes to the Financial Statements For the year ended 30 June 2022

#### Note 1: Statement of significant accounting policies (continued)

#### (g) Cash and cash equivalents

Cash and cash equivalent includes petty cash, cash on hand, deposits held at-call with banks, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

#### (h) Goods and Services Tax (GST)

Revenues, expenses, and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office (ATO).

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the Statement of Financial Position.

Cash flows are presented in the Statement of Cash Flows on a gross basis. The GST component of cash flows arising from investing and financing activities, which are recoverable from, or payable, to the ATO are presented as operating cash flows included in receipts from customers or payments to suppliers.

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the tax authority.

#### (i) Accounts receivable and other debtors

Accounts receivable and other debtors include amounts receivable from customers for services in the ordinary course of business. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

#### (j) Provisions

Provisions are recognised when the Company has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result, and that outflow can be reliably measured. Provisions recognised represent the best estimate of the amounts required to settle the obligation at the end of the reporting period.

#### (k) Accounts payable and other payables

Accounts payable and other payables represent the liability outstanding at the end of the reporting period for goods and services received by the Company during the reporting period that remain unpaid. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

#### (I) Contract liabilities

Contract liabilities represent the Company's obligation to transfer goods or services to a customer and are recognised when a customer pays consideration, or when the Company recognises a receivable to reflect its unconditional right to consideration (whichever is earlier) before the Company has transferred the goods or services to the customer.

ABN 36 051 131 901

#### Notes to the Financial Statements For the year ended 30 June 2022

#### Note 1: Statement of significant accounting policies (continued)

#### (m) Leases

At inception of a contract, the Company assesses if the contract contains or is a lease. If there is a lease present, a right-of-use asset and a corresponding lease liability is recognised by the Company where the Company is a lessee. However, all contracts that are classified as short-term leases (i.e., a lease with a term of 12 months or less) and leases of low-value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

Initially, the lease liability is measured at the present value of the lease payments still to be paid at commencement date. The lease payments are discounted at the interest rate implicit in the lease. If this rate cannot be readily determined, the Company uses its incremental borrowing rate.

Lease payments included in the measurement of the lease liability are as follows:

- Fixed lease payments less any lease incentives;
- Variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;
- The amount expected to be payable by the lessee under residual value guarantees;
- The exercise price of purchase options; if the lessee is reasonably certain to exercise the options;
- Lease payments under extension options if the lessee is reasonably certain to exercise the options; and
- Payments of penalties for terminating the lease if the lease term reflects the exercise of an option to terminate the lease.

The right-of-use assets comprise the initial measurement of the corresponding lease liability as mentioned above, any lease payments made at or before the commencement date, as well as any initial direct costs. The subsequent measurement of the right-of-use assets is at cost less accumulated amortisation and impairment losses.

Right-of-use assets are depreciated over the lease term or useful life of the underlying asset, whichever is the shortest. Where a lease transfers ownership of the underlying asset, or the cost of the right-of-use asset reflects that the Company anticipates exercising a purchase option, the specific asset is depreciated over the useful life of the underlying asset.

#### (n) Current and non-current classification

Assets and liabilities are presented in the statement of financial position based on current and noncurrent classification.

An asset is classified as current when: it is either expected to be realised or intended to be sold or consumed in the company's normal operating cycle; it is held primarily for the purpose of trading; it is expected to be realised within 12 months after the reporting period; or the asset is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period. All other assets are classified as non-current.

A liability is classified as current when: it is either expected to be settled in the company's normal operating cycle; it is held primarily for the purpose of trading; it is due to be settled within 12 months after the reporting period; or there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period. All other liabilities are classified as non-current.

ABN 36 051 131 901

#### Notes to the Financial Statements For the year ended 30 June 2022

#### Note 1: Statement of significant accounting policies (continued)

#### (o) Fair value measurement

When an asset or liability, financial or non-financial, is measured at fair value for recognition or disclosure purposes, the fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date; and assumes that the transaction will take place either: in the principal market; or in the absence of a principal market, in the most advantageous market.

Fair value is measured using the assumptions that market participants would use when pricing the asset or liability, assuming they act in their economic best interests. For non-financial assets, the fair value measurement is based on its highest and best use. Valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, are used, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

#### (p) Critical accounting estimates and judgements

The Board of Directors evaluate estimates and judgements incorporated into the financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Company.

#### (q) Critical Accounting Estimates and Judgements (continued)

#### Coronavirus (COVID-19) pandemic

Judgement has been exercised in considering the impacts that the Coronavirus (COVID-19) pandemic has had, or may have, on the Company based on known information. This consideration extends to the nature of the services offered, customers, staffing and geographic regions in which the Company operates. Other than as addressed in specific notes, there does not currently appear to be either any significant impact upon the financial statements or any significant uncertainties with respect to events or conditions which may impact the Company unfavourably as at the reporting date or subsequently as a result of the Coronavirus (COVID-19) pandemic.

#### Lease term

The lease term is a significant component in the measurement of both the right-of-use asset and lease liability. Judgement is exercised in determining whether there is reasonable certainty that an option to extend the lease or purchase the underlying asset will be exercised, or an option to terminate the lease will not be exercised, when ascertaining the periods to be included in the lease term. In determining the lease term, all facts and circumstances that create an economical incentive to exercise an extension option, or not to exercise a termination option, are considered at the lease commencement date. Factors considered may include the importance of the asset to the Company's operations; comparison of terms and conditions to prevailing market rates; incurrence of significant penalties; existence of significant leasehold improvements; and the costs and disruption to replace the asset. The Company reassesses whether it is reasonably certain to exercise an extension option, or not exercise a termination option, there is a significant event or significant change in circumstances.

ABN 36 051 131 901

Notes to the Financial Statements For the year ended 30 June 2022

#### Note 1: Statement of significant accounting policies (continued)

#### (q) Critical Accounting Estimates and Judgements (continued)

#### Incremental borrowing rate

Where the interest rate implicit in a lease cannot be readily determined, an incremental borrowing rate is estimated to discount future lease payments to measure the present value of the lease liability at the lease commencement date. Such a rate is based on what the Company estimates it would have to pay a third party to borrow the funds necessary to obtain an asset of a similar value to the right-of-use asset, with similar terms, security and economic environment. The Company utilises the bank's borrowing rate as a basis of the incremental borrowing rate.

#### Estimation of useful lives of assets

The company determines the estimated useful lives and related depreciation and amortisation charges for its property, plant and equipment and finite life intangible assets. The useful lives could change significantly as a result of technical innovations or some other event. The depreciation and amortisation charge will increase where the useful lives are less than previously estimated lives, or technically obsolete or non-strategic assets that have been abandoned or sold will be written off or written down.

# Impairment of non-financial assets other than goodwill and other indefinite life intangible assets

The company assesses impairment of non-financial assets other than goodwill and other indefinite life intangible assets at each reporting date by evaluating conditions specific to the company and to the particular asset that may lead to impairment. If an impairment trigger exists, the recoverable amount of the asset is determined. This involves fair value less costs of disposal or value-in-use calculations, which incorporate a number of key estimates and assumptions.

#### Employee benefits provision

The liability for employee benefits expected to be settled more than 12 months from the reporting date are recognised and measured at the present value of the estimated future cash flows to be made in respect of all employees at the reporting date. In determining the present value of the liability, estimates of attrition rates and pay increases through promotion and inflation have been taken into account.

#### (r) Comparative figures

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

ABN 36 051 131 901

#### Notes to the Financial Statements For the year ended 30 June 2022

#### Note 1: Statement of significant accounting policies (continued)

#### New or amended Accounting Standards and Interpretations adopted

The Company has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

The adoption of these Accounting Standards and Interpretations did not have any significant impact on the financial performance or position of the Company.

The following Accounting Standards and Interpretations are most relevant to the Company:

#### Conceptual Framework for Financial Reporting (Conceptual Framework)

The Company has adopted the revised Conceptual Framework from 1 January 2021. The Conceptual Framework contains new definition and recognition criteria as well as new guidance on measurement that affects several Accounting Standards, but it has not had a material impact on the Company's financial statements.

#### AASB 1060 General Purpose Financial Statements - Simplified Disclosures for For-Profit and Notfor-Profit Tier 2 Entities

The Company has adopted AASB 1060 from 1 January 2021. The standard provides a new Tier 2 reporting framework with simplified disclosures that are based on the requirements of IFRS for SMEs.

		54,773	43,679

The provision for employee benefits represents amounts accrued for annual leave and long service leave.

Based on past experience, the Company does not expect the full amount of annual leave to be settled wholly within the next 12 months; however, the amount must be classified as a current liability because the Company does not have an unconditional right to defer the settlement of the amount in the event employees wish to use their leave entitlements.

ABN 36 051 131 901

Audit of the financial statements	16,000	13,960
Other services	2,500	2,500
	18,500	16,460

#### Note 15: Commitments and contingent liabilities

As at 30 June 2022, the Company had no commitments for expenditure and contingent liabilities (2021: Nil).

#### Note 16: Events after the reporting period

No other matter or circumstance has arisen since 30 June 2022 that has significantly affected, or may significantly affect the Company's operations, the results of those operations, or the Company's state of affairs in future financial years.

ABN 36 051 131 901

#### Notes to the Financial Statements For the year ended 30 June 2022

#### Note 17: Related party transactions

Related parties include close family members of key management personnel and entities that are controlled or jointly controlled by those key management personnel individually or collectively with their close family members.

There were no transactions with related parties during the current and previous financial year.

There were no trade receivables from or trade payables to related parties at the current and previous reporting date.

#### Note 18: Fair value measurements

For listed financial assets at fair value through profit or loss, the fair values have been based on closing quoted bid prices at the end of the reporting period. In determining the fair values of the unlisted financial assets at fair value through profit or loss, management have used inputs that are observable either directly (as prices) or indirectly (derived from prices).

#### Note 19: Members' guarantee

The company is incorporated under the Corporations Act 2001 and is a company limited by guarantee. If the company is wound up, the constitution states that each member is required to contribute a maximum of \$5 each towards meeting the outstanding obligations of the Company. At 30 June 2022, the number of members was 5 (2021: 5).

ABN 36 051 131 901

#### **Directors' Declaration**

In accordance with a resolution of the Board of Directors of Lung Foundation Australia, the Directors declare that in their opinion:

- 1. the financial statements and notes, as set out on pages 9 32, are in accordance with the *Australian Charities and Not-for-profits Commission Act 2012* and:
  - a. comply with Australian Accounting Standards Simplified Disclosures; and

b. give a true and fair view of the financial position of the Company as at 30 June 2022 and of its performance for the year ended on that date.

- 2. there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.
- 3. In the directors' opinion, there are reasonable grounds to believe that Lung Foundation Australia have complied with the provisions of the Charitable Fundraising Act 1991 (NSW) {'The Act"), the regulations under the Act and the conditions attached to the NSW Fair Trading Charitable Fund raising Authority have been complied with.

This declaration is signed in accordance with subs 60.15(2) of the Australian Charities and Not-for-profits Commission Regulation 2013.

Professor Lucy Morgan Director

9 December 2022 Brisbane, Queensland

Mr Andrew Churchill Director

#### Independent Auditor's Report to the members of Lung Foundation Australia

#### REPORT ON THE AUDIT OF THE FINANCIAL REPORT

#### Opinion

We have audited the financial report of Lung Foundation Australia ("the Company") which comprises the statement of financial position as at 30 June 2022, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the director's declaration.

In our opinion, the accompanying financial report of the Company has been prepared in accordance with Division 60 of the *Australian Charities and Not-for-profits Commission Act 2012*, including:

- (a) giving a true and fair view of the Company's financial position as at 30 June 2022 and of its financial performance for the year then ended; and
- (b) complying with Australian Accounting Standards Simplified Disclosures and Division 60 of the *Australian Charities and Not-for-profits Commission Regulation 2013.*

#### Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* ("the Code") that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by Division 60 of the Australian Charities and Notfor-profits Commission Act 2012, which has been given to the Directors.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Information Other than the Financial Report and Auditor's Report Thereon

The Directors are responsible for the other information. The other information comprises the information included in the Company's annual report for the year ended 30 June 2022, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### Responsibilities of Management and the Directors for the Financial Report

Management is responsible for the preparation of the financial report that gives a true and fair view in accordance with the Australian Accounting Standards – Simplified Disclosures and the Australian Charities and Not-for-profits Commission Act 2012 and for such internal control as management determines is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

The Directors are responsible for overseeing the Company's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or
  error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is
  sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material
  misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve
  collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of the management's use of the going concern basis of accounting
  and, based on the audit evidence obtained, whether a material uncertainty exists related to events or
  conditions that may cast significant doubt on the Company's ability to continue as a going concern. If
  we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report
  to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our
  opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report.
  However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

#### **Report on Other Legal and Regulatory Requirements**

#### Opinion pursuant to the Charitable Fundraising Act (NSW) 1991

In our opinion:

- i. the Financial Report gives a true and fair view of the Company's financial result of fundraising appeal activities for the financial year ended 30 June 2022;
- ii. the Financial Report has been properly drawn up, and the associated records have been properly kept for the period from 1 July 2021 to 30 June 2022, in accordance with the *Charitable Fundraising Act (NSW)* 1991 and Regulations;
- iii. money received as a result of fundraising appeal activities conducted during the period from 1 July 2021 to 30 June 2022 has been properly accounted for and applied in accordance with the *Charitable Fundraising Act (NSW) 1991 and Regulations*; and there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.
